

Standard antenna for Multiverse Show Baby

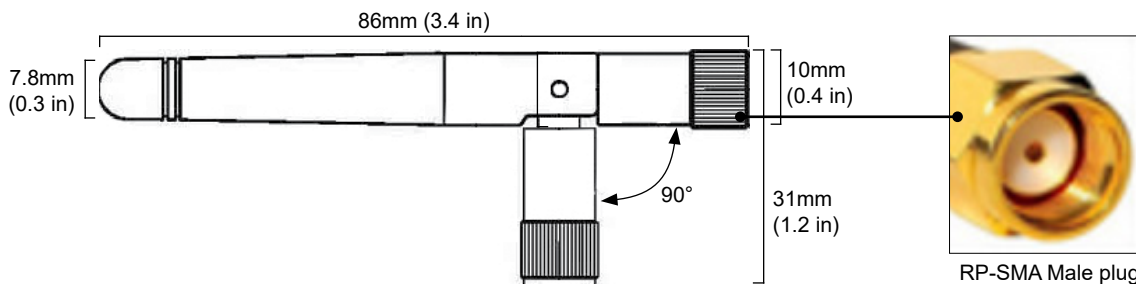

The **2dBi Indoor Omni Antenna, 2.3"** (P/N 5729) is the standard antenna for City Theatrical's Multiverse® SHoW Baby® (P/Ns 5900). Its connection is made using a RP-SMA male plug.

This omni antenna allows the user to receive or broadcast on the 2.4GHz radio band (for worldwide use).

### Radiation Patterns at 2.4GHz:

Actual size:

### SPECIFICATIONS:

P/N	Frequency
5729	2.4GHz

### Physical

Length (fully extended)	86mm	(3.4 in)
Length (bent at 90°)	60mm	(2.3 in)
Width (bent at 90°)	31mm	(1.2 in)
Thickness (widest part)	10mm	(0.4 in)

### Electrical

Antenna Type	Dipole antenna
Frequency Range	2400~2480MHz
V.S.W.R.	< 2.0
Impedance	50 OHM
Type of Radiation	Omni-directional
Electrical Wave	¼
Frequency/Gain	2400~2480MHz: 2dBi
Polarization	Vertical
Identifying Connector	RP-SMA Male

### Product Information

Color	Black
Use Environment	Indoor
Operating Temperature Range	-40°C to + 70°C
IP Rating	IP50
Warranty	One year
