20 Amp “Break Out Box” with Tail Input to Edison and Stage Pin Receptacles

Bento Box®

PowerHOUSE™

Portable Distribution Boxes

Catalog Number:

Standard model pictured above: BNZJ3-Z1

Mountable C-clamp* model: BNZJ3-Z1-CLP

For ordering information and information on mountable model and hardware, see reverse side.

Description:

20 Amps per circuit, 6-circuit, Break Out Box, Bento enclosure, LSC19 inline male on 12 inch 12/14 TPR tail to (6) NEMA 5-20, 20 Amp Edison circuits wired in parallel with (6) 20 Amp stage pin receptacles, NEMA 1 Indoor. Additional model available with mounting holes on a metal handle and on the back to allow vertical or horizontal mounting on a truss or pole.*

Typical Application:

Breaks an industry standard 6-circuit lighting cable into a combination of NEMA 5-20 and stage pin receptacles, which is ideal for lighting applications when a combination of both plug types is needed.

Markets Served:

Theatrical, Concert Production, Live Event, Motion Picture and Television Production

*Sold separately. See reverse side for ordering information.
