

Create Intense Fog Effects With the Fog Burst and Mega Fog Burst

Ultratec's Power Fog Industrial 9D Fog Burst and G3000 Mega Burst can be used individually, or in tandem set-ups to create instant fog effects. Designed for ease-of-use, both fog generators come standard 5-pin DMX control or manual control. An optional CO² regulator with 5' hose is available.

Built with our 1400-watt Heat Exchanger, the Power Fog Industrial can be rotated 90 degrees to stand upright offering flexibility for show designs. Rubber feet and plastic glides offer the utmost stability. The G3000 Mega Fog Burst uses our 2000-watt dual core block has optional stands for show designs and applications.

Quick Dissipating Fluid is great for effects that require fog to dissipate quickly. Extra Quick Dissipating Fluid dissipates twice as fast (not pictured). Using our fluids maintains your five-year warranty against manufacturer's defect.
