## SAFETY DATA SHEET

## SECTION 1 – PRODUCT AND COMPANY IDENTIFICATION

| Product Name<br>Product Use | : ROSCO LIGHT FOG FLUID<br>: Fog fluid  |
|-----------------------------|---|
| Chemical Family             | : Aqueous glycol solution   |
| Supplier's name and address | : Rosco Laboratories Inc.   |
|                             | 52 Harbor View Avenue<br>Stamford, CT, United States<br>06902   |
| 24 Hr. Emergency Tel #      | : (800) 424-9300 Chemtrec U.S.<br>(703) 527-3887 Chemtrec Outside U.S.  |
| HMIS Rating                 | : <u>*</u> - Chronic Hazard 0 – Minimal 1 – Slight 2 – Moderate 3 – Serious 4 – Severe<br>Health: 1 Flammability: 0 Reactivity: 0 |
| WHMIS Classes:              |   |

Unregulated

## **SECTION 2 – HAZARDS IDENTIFICATION**

### EMERGENCY OVERVIEW

Clear, colorless liquid. Faint odor. No special hazards exist with this product. As with any chemical substance, caution and care will prevent unnecessary accidents and safety problems. Read instructions on label before use. HEALTH CAUTION: Fog from this fluid, like any other common material in an aerosolized state, may be irritating to or cause allergic symptoms in some persons with allergenic sensitivity. Persons with active asthma should limit their exposure to the fog.

#### \*\*\*POTENTIAL HEALTH EFFECTS\*\*\*

| FOTENTIAL HEALTH EFFECTS  |
|---|
| : None reported by the manufacturer.  |
| : Inhalation: YES Skin Absorption: NO Skin & Eyes: YES Ingestion: YES   |
| ects :  |
| May cause mild transient irritation.  |
| May cause mild transient irritation.  |
| Can cause irritation of the respiratory tract. Persons suffering from asthma or reactive airway disorders may<br>experience asthma-like effects from exposure to this material. |
| Not an expected route of entry. Ingestion of large amounts may cause nausea, vomiting, diarrhea, as well as   |
| depression of the central nervous system.   |
| ffects : None reported by the manufacturer.   |
| vated by overexposure   |
| : Pre-existing skin and respiratory disorders.  |
| : None reported by the manufacturer.  |
| ffects : None reported by the manufacturer.   |

# SECTION 3 – COMPOSITION/INFORMATION ON INGREDIENTS

|                    |              |                   | ACGIH      | TLV         | OSHA                                     | PEL         |
|--------------------|--------------|-------------------|------------|-------------|--|-------------|
| Ingredients        | <u>CAS #</u> | <u>% (weight)</u> | <u>TWA</u> | <u>STEL</u> | PEL                                      | <u>STEL</u> |
| Triethylene glycol | 112-27-6     | N/Av              | N/Av       | N/Av        | N/Av                                     | N/Av        |
| Propylene glycol   | 57-55-6      | N/Av              | 10 mg/m3   | N/Av        | 50 ppm(total)<br>; 10 mg/m3<br>(aerosol) | N/Av        |
| Deionized water    | N/Av         | N/Av              | N/Av       | N/Av        | N/Av                                     | N/Av        |

\*Note: The ACGIH TLV listed above for the following ingredient(s) is an AIHA WEEL: Propylene glycol.

|                     | SECTION 4 – FIRST AID MEASURES  |
|---------------------|---|
| Inhalation          | : Inhalation problems are not anticipated. Remove exposed person to fresh air if adverse  |
|                     | effects, such as breathing difficulty arise. If irritation persists, seek prompt medical attention.   |
| Skin contact        | : Flush skin with large amounts of water. Wash affected areas with soap and water.  |
|                     | Remove and wash contaminated clothing before re-use. Obtain medical attention if<br>symptoms develop and persist.   |
| Eye contact         | If in eyes, rinse with water for 15 minutes. Lift upper and lower lids during flushing to<br>ensure complete removal of chemical. If irritation persists, seek prompt medical<br>attention. |
| Ingestion           | : Ingestion of large amounts may be harmful. Keep at rest. Seek immediate medical attention/ advice.  |
| Notes for physician | : Low degree of toxicity. Treat symptomatically.  |

## **SECTION 5 – FIRE FIGHTING MEASURES**

| Fire hazards/conditions of flammabil  | lity                           |   |
|---------------------------------------|--------------------------------|---|
|                                       | : Not flammable under no       | ormal conditions of handling.                               |
| Flammability classification (OSHA 2   | 9 CFR 1910. 1200)              |   |
|                                       | : Not flammable.               |   |
| Flash point                           | : Not available.               |   |
| Flash point Method                    | : Not available.               | Auto-ignition temperature : Not available.                  |
| Lower flammable limit (% by vol.)     | : Not available.               | Upper flammable limit (% by vol.)                           |
|                                       |                                | : Not available.  |
| Suitable extinguishing media          | : Extinguishing media - la     | arge fires: Non-flammable aqueous liquid, all-purpose foam. |
|                                       | Extinguishing media - s        | mall fires: Carbon dioxide (CO2), Dry chemical.             |
| Explosion data: Sensitivity to mecha  | inical impact / static dischar | ge  |
|                                       |                                | sitive to mechanical impact or static discharge.            |
| Special fire-fighting procedures/equi | pment                          | , o   |
|                                       | : None reported by the m       | nanufacturer.   |
| Hazardous combustion products         | : Oxides of carbon.            |   |
| Oxidizing properties                  | : None known or reported       | d by the manufacturer.                                      |
| 5                                     |                                |   |

## SECTION 6 – ACCIDENTAL RELEASE MEASURES

| Personal precautions      | : Wear suitable protective clothing (see Section 8).                                      |
|---------------------------|---|
| Environmental precautions | : No special environmental precautions required.  |
| Spill response/cleanup    | : Evacuate personnel to safe areas. Restrict access to area until completion of clean-up. |
|                           | Recover free liquid or cover with inert absorbent material and place into appropriate     |
|                           | container for disposal. Dispose in accordance with all applicable federal, state,         |
|                           |   |

|                       | SECTION 7 – HANDLING AND STORAGE   |  |

| Safe Handling procedures    | : Do not ingest. Do not inhale aerosol. Avoid contact with skin and eyes. Keep containers tightly closed when not in use. Use with adequate ventilation. Avoid breathing vapors. |
|-----------------------------|--|
| Ctorogo reguiremento        |  |
| Storage requirements        | : Store in a cool, dry, well-ventilated area. Inspect periodically for damage or leaks. Do not   |
|                             | store near any incompatible materials (see Section 10). Keep containers tightly closed   |
|                             | when not in use. Do not freeze.  |
| Incompatible materials      | : Strong oxidizing agents and acids. See Section 10.   |
| Special packaging materials | : Liquid-proof glass, plastic or non-corrodible metal containers are recommended.  |
| Special packaging materials | . Equid-proof glass, plastic of non-conocide metal containers are recommended.   |

|           | ·EAFUSURE |              | FERSUNAL | FNULLUN    |

| Ventilation and engineering measured | res: General mechanical ventilation is sufficient for use with this product.  |
|--------------------------------------|---|
| Respiratory protection               | : None required under normal conditions.  |
| Skin protection                      | : None required under normal conditions. Gloves of natural rubber or polyvinyl chloride-<br>coated gloves are recommended.          |
| Eye / face protection                | : None required under normal conditions. If splashing might occur, wear eye protection<br>such as safety glasses with side shields. |
| Other protective equipment           | : Emergency showers and eyewash facilities should be nearby.  |
| General hygiene considerations       | : Wash hands immediately after handling the product, before breaks and at the end of workday.                                       |

| Physical state                 | : Liguid.                    | Appearance                            | : Colorless.     |  |
|--------------------------------|------------------------------|---------------------------------------|------------------|--|
| Odor                           | : Faint odor.                | Odor threshold                        | : Not available. |  |
| рН                             | : 7.0 (approximately)        |                                       |                  |  |
| Boiling point                  | : 100 °C (approximately)     | Specific gravity                      | : 1.02           |  |
| Melting/Freezing point         | : Not available.             | Coefficient of water/oil dis          | tribution        |  |
|                                |                              |                                       | : Not available. |  |
| Vapor pressure (mmHg @20°C/    | 68°F): Not available.        | Solubility in water                   | : Soluble.       |  |
| Vapor density (Air = 1)        | : Greater than 1             | Evaporation rate (n-Butyl acetate= 1) |                  |  |
|                                |                              |                                       | : Less than 1    |  |
| Volatile organic Compounds (VC | DC's) (lbs/gal: g/l)         | Volatiles (% by weight)               | : Not available. |  |
|                                | : Not available.             |                                       |                  |  |
| Viscosity                      | : Not available.             |                                       |                  |  |
| Special Remarks On Fire Hazar  | ds : Not flammable under nor | mal conditions.                       |                  |  |

# SECTION 10 - REACTIVITY AND STABILITY DATA

| Stability and reactivity               | :   | Stable under normal conditions.   |
|--|-----|---|
| Hazardous polymerization               | :   | Will not occur.   |
| Conditions to avoid                    | :   | Combination with strong oxidizers and/or acids may cause explosive decomposition. |
| Materials to Avoid and Incompatibility | y : | Strong oxidizing agents and acids.  |
| Hazardous decomposition products       | :   | None.   |

## SECTION 15 – REGULATORY INFORMATION

US Federal Information:

TSCA: All listed ingredients appear on the Toxic Substances Control Act (TSCA) inventory.

SARA Section 313: This material is not subject to SARA notification requirements, since it does not contain any Toxic Chemical Constituents above de minimus concentrations.

US State Right to Know Laws:

California Proposition 65: To the best of our knowledge, this product does not contain any chemicals known to the State of California to cause cancer or reproductive harm.

Canadian Regulations:

Canadian Environmental Protection Act (CEPA) information: All ingredients listed appear on the Domestic Substances List (DSL).

Canadian WHMIS Classification: Class D2B (Materials Causing Other Toxic Effects, Toxic Material) This product has been classified according to the hazard criteria of the CPR and the SDS contains all of the information required by the CPR.
