Rosco Product #205 77000 0000

PRODUCT DESCRIPTION

- Multiply and animate your image
- Supplied with either a three or five-facet prism
- 120VAC or 230VAC
- Vary speed using most dimmers
- Speed range from 0.875 to 8.0 rpm

The Prismo™ animates your still pattern and it multiplies the image either three or five times depending upon your prism choice. The prism speed can be varied by plugging the Prismo™ into any dimmer or using the sliding switch on a six-step power supply. There's also an optional in-line speed control for more precise control. Prismo™ easily fits into the 6.25 inch gel slot of your ellipsoidal spotlight with your color frame. Plug it into any dimmer and control it from your light board or plug it directly to a 120v or 230v line.
