Wireless LED Event Lighting

Lighting for life's most important moments.

Whether it's a corporate event, a wedding, an anniversary party, or any other of life's most important events, you want to make it special and memorable. City Theatrical has a group of the finest wireless LED lighting fixtures that will make your event unforgettable by adding colorful lighting, and will make setup fast and easy.

The great breakthroughs in LED lighting technology allow modern fixtures to change colors, while their low power consumption allows battery operation, and radio control allows users to operate them without wires. This unique combination of technologies has produced the ability to quickly and easily set up beautiful lighting effects with no wires at all, and these factors lend themselves perfectly to

event lighting that is typically set up and used for one day.

City Theatrical has partnered with UK lighting manufacturer Core Lighting to present the world's premier line of event lighting products. Core Lighting specializes in designing and manufacturing fully weatherproof battery powered LED uplighters with wireless DMX control, allowing them to be used with no power or data cables. Extremely bright and colorful, Core's products feature leading edge design, rugged construction, and utilize lightweight but powerful rechargeable lithium ion battery technology. These products are built for professional use, day after day.

To give your clients the experience of a lifetime, choose City Theatrical's LED Event Lighting. We are creating lighting for life's most important moments.

QolorPoint® Wireless LED Uplighter

Part Number: 7000

Sleek enough for upscale indoor use and IP65 rated for outdoor use, QolorPoint Wireless LED Uplighters can be used to instantly transform any function, from small parties to large corporate events, weddings, entertainment venues, and even for stage lighting. The combination of battery power and wireless DMX control makes them truly portable, enabling extremely fast setup with no cables, thus creating a safer and more attractive environment. The sleek and shiny exterior finish blends into any décor.

QolorPoint Wireless LED Uplighters are known for their style, rugged outdoor IP rating, and their very bright 2,000 lumen quad chip RGBW output, making them truly stand alone in their category. The bright output can light to the tops of medium sized trees and three story buildings, smoothly wash walls, provide temporary lighting to architectural details, and beautifully light the insides of tents and rooms.

QolorPoint Uplighters are available in a six unit charging case for fast and easy transport, and convenient recharging between uses. This system is perfectly geared to daily use in a variety of venues.

All battery powered QolorPoint Wireless LED Uplighters come equipped with City Theatrical's industry leading SHoW DMX Neo with Maximum Bandwidth Technology wireless DMX* built in. They can either operate in master/slave mode, with one unit designated as a Transmitter and the others as Receivers, or all units can be designated as Receivers and can be broadcast to by a City Theatrical SHoW DMX SHoW Baby or SHoW DMX Neo Transceiver. All units can also operate independently and run their own internal stand alone routines.

How the QolorPoint Wireless LED Uplighter can be used:

- As an individual stand alone unit. Set a solid color of your choice, or create a rolling fade between colors at the speed of your choice.
- Set one unit as a master and the others as slaves. The first unit gives instructions to the others.
- Set all units to receive instructions from an external DMX lighting desk, via SHoW DMX Neo wireless DMX

QolorPoint® Mini Wireless LED Uplighter

Part Number: 7001

The all-new baby brother of the well-established and successful QolorPoint Wireless LED Uplighter packs a powerful punch. Sufficient for lighting most areas up to two story buildings and as usual there are no compromises in design, user-friendliness or quality. The QolorPoint Mini is sleek enough for the most exclusive environments for indoor use and retains the IP65 rating for outdoor use under all weather conditions. The QolorPoint Mini Wireless LED Uplighter can be used to instantly transform any function, from small parties to large corporate events, weddings, entertainment venues, and even for stage lighting with a built-in mounting point to attach to tripod or truss. The two powerful emitters feature RGBW LED technology for enhanced color mixing.

NOTE:

All legacy SHoW DMX products are fully compatible with Multiverse technology.

How the QolorPoint Mini Wireless LED Uplighter can be used:

- As an individual stand alone unit. Set a solid color of your choice, or create a rolling fade between colors at the speed of your choice.
- Set one unit as a master and the others as slaves. The first unit gives instructions to the others.
- Set all units to receive instructions from an external DMX lighting desk, via SHoW DMX Neo wireless DMX

QolorStrip™ Wireless LED Strip

Part Number: 7030

The QolorStrip Wireless LED Strip is a one meter long lighting fixture with 18 RGBW LED emitters, providing a very bright 4,000 lumen output. The 18 LEDs can be independently controlled by 72 channels for pixel mapping and can produce vivid chases for eye catching lighting effects.

This linear fixture will make perfectly smooth wall washes, and a mixture of QolorPoint Uplighters for accent lighting and QolorStrips for wall washers will easily fill a room with color, while using no power or data cables.

The QolorStrip is IP65 rated for outdoor use in all weather conditions. The high tech, long life lithium ion battery will provide eight hours of continuous use in a rolling fade, and recharging is easy in the four way flight case.

For all of its features and power, the QolorStrip weighs only 14.3 lbs (6.5 kg) and is easy to carry and set up.

How the QolorStrip Wireless LED Strip can be used:

- As an individual stand alone unit. Set a solid color of your choice, create a rolling fade between colors at the speed of your choice or create pixel chasing effects from the built in routines.
- Set one unit as a master and the others as slaves. The first unit gives instructions to the others.
- Set all units to receive instructions from an external DMX lighting desk, via SHoW DMX wireless DMX. Units may also be connected via 5 Pin XLR in/out connectors.

QPin 300™ Wireless Magnetic Pin Spot

Part Number: 7050

The QPin 300 Wireless Magnetic Pin Spot has a very narrow, bright, white, zoom beam spread that can pinpoint any object, such as a floral centerpiece, painting, photo, or sculpture, and highlight it to draw attention to it. The IP65 rating allows the QPin 300 to be used indoors or outdoors in any weather.

The very bright 300 lumen white beam is easily positioned with the flexible neck of the fixture, and the base of the fixture utilizes a very strong rare earth magnet to enable it to stick to any ferrous metal object. Alternatively, it can mount with a clamp.

The warm 3,000° K output will operate for up to 12 hours at full output, and the fixtures are easily recharged in the 10 unit charging flight case.

Control of the QPin 300 is easily accomplished via a Bluetooth app from your Android or Apple device, or from a local intensity switch on the body of the fixture.

How the QPin 300 Wireless Magnetic Pin Spot can be used:

- As an individual unit with local intensity control.
- As a remote intensity control via your Smartphone.

LED Event Lighting Leasing Program

QolorPoint Wireless LED Uplighters are within your company's budget.

There is a growing rental market for LED Event Lighting equipment that is sophisticated as well as quick and easy for any lighting user to set up and use. Renting your leased uplighters for even one day per week can often lead to significant revenue, even significant return on your monthly investment. You can also sell your uplighters at the end of your lease term to increase your ROI.

Key benefits of the program include:

- No Upfront Costs
- Defer Payments For 90 Days
- Full Tax Deduction In The First Year

Get a quote today at:

mylease.leasecorp.com/index.php/citytheatrical

Provided in partnership with Lease Corporation of America, a theatrically-oriented Direct Lender that has facilitated over 3,500 equipment leases, our LED Event Lighting Leasing Program offers City Theatrical's high quality LED Event Lighting products at a low fixed monthly payment with no money down.
