TURBORAY

There's never been another fixture exactly like TurboRay. Offering a classic retro look with its radial diffusers, TurboRay brings a distinctive appearance to any lighting rig. Used as a punchy narrow-angle washlight or as a powerful hard edge beam that produces beautiful aerial and other effects, the fixture is truly versatile. TurboRay's soft edges, homogenized color and smooth intensity fall off make for a spectacular wash. And in the air or projected on a surface, the fixture's animated gobo wheel and other features produce spectacular textures unseen in any other fixture.

- Additive LED RGBW color mixing system for extremely powerful saturated colors and tunable white control
- Quadrant control over the fixture's four LED system
- Radial diffusers offer a beautiful scenic look
- Powerful narrow beam for dramatic aerals
- Smooth and even wash with a punchy 3:1 zoom range
- Color Mixing: Red, Green, Blue, White and Linear CTO
- Custom Animated Gobo wheel for beam texturing
- LED imaging unlocking primary color aerals
- Beam angle range: 3° Narrow Beam, 8-24° Wash
- Color Temperature 2800°k - 8000°k
- Color Wheel for deeper saturates and gorgeous split colors
- Pan and Tilt Range: 540° Pan, 239° Tilt
- TurboRay Hazefree lens coating technology
