

VARI*LITE

VL800 PROPAR

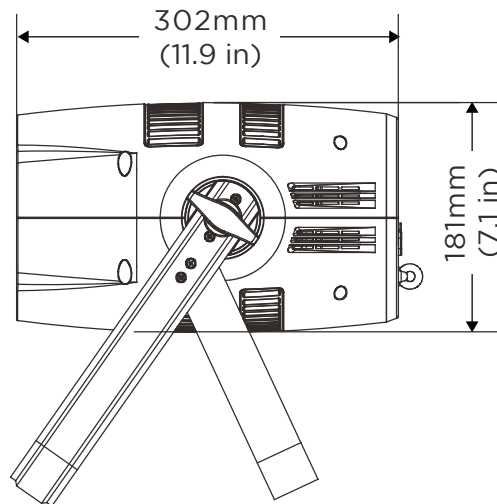

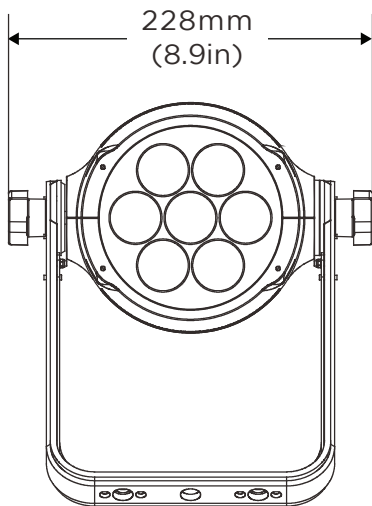

The Vari-Lite VL800 PROPAR is an LED event PAR fixture that offers motorized zoom and has the DNA of Vari-Lite built in. This high output fixture is a cost-effective solution that looks, moves, and feels the way you expect from Vari-Lite. The VL800 PROPAR offers full RGBW color mixing and has gel-matched color presets to deliver the same visual results customers are accustomed to using. The fixture offers multi-mode fan control for use in quiet environments.

VARI*LITE

VL800 PROPAR

FEATURES AND BENEFITS

- **Cost-effective, high output LED professional PAR built by Vari-Lite** - affordable LED PAR from a brand you trust.
- **Full RGBW color mixing** - variable color mixing with saturation control, offering numerous vivid and creative color options
- **Gel color presets matched to traditional gel numbers** - use the colors you have always used without the need to change gels
- **Motorized zoom** - remote beam angle control with the smooth zoom movement of a Vari-Lite fixture
- **Multi-mode fan control** - adjust settings to control fan noise. Offers a low dB experience across all frequencies, eliminating buzzing or hums from an otherwise quiet device. Mode options include standard, studio, and whisper mode.
- **Adjustable frequency to exceed camera frame rates** - camera-friendly fixtures for IMAG or live televised events
